## SUPERVISOR SEES SAVING IN OAKLAND FREE MARKET

Board Passes Resolution Urging Farmers and Growers to Cooperate in Establishment of a Place for Public Barter

MILL MAKING CORN MEAL A FEATURE

Plans Going Steadily Ahead for Inaugural Day of Temporary Market, Which Is Scheduled for July Opening

For stall reservations and information concerning the Oakland Municipal Free Market, call at National League for Women's Service Headquarters, room 418, Central Bank building, Telephone Oakland 132.

Farmers and growers of market products were urged in a resolution adopted by the supervisors today to cooperate with the movement for the establishment of a free market under municipal control. Supervisor W. J. Harrison introduced the resolution and declared that in his opinion it would do more to reduce the high cost of living than any other scheme that has been undertaken. He said he hoped the plan would be immediately rushed to consummation and that the Oakland example would be followed by other communities of the county. The resolution is as follows:

Whereas, a movement has been started in the city of Oakland toward the establishment of a free market under municipal control to be located in a part of the city of Oakland that is easily accessible to the greatest number of home owners and retail purchasers in the population centers and

Whereas, such a market scheme is of great importance to the farmers and growers of market produce in Alameda county; therefore be it,

Resolved, that the Board of Supervisors of Alameda county endorse this municipal market and its proposed location and urge the co-operation of the farmers and growers of market produce with the Municipal Market Commission of the city of Oakland for the purpose of making such an experiment a success for both the producers and the consumers.

A corn grower bringing his crops into the city will still but take care of the important produce; the turning out of the variety of corn meal, which our grandmothers used; an actual demonstration of the many uses of the wheat flour substitute in a model kitchen; the sale of the war bread and cake stuffs whose actual manufacture may be watched in every step, will be one of the unusual features of the city's free public market. The opening day of the municipal market is still to be named for the late July, when the crops of the small producers are ripened and ready for the consumer.

Plans, however, are going steadily ahead for the inaugural day, which will take the form of a public demonstration. For the market, which has been created at the urge of the federal government and as a war measure in answer to the growing need of the people, belongs to the people upon whom its ultimate success will depend. Flying flags, banners and patriotic programs will mark the official opening, when for the first time the housewives of the city will be able to bargain in open market for their foodstuffs.

PRESENT SYSTEM LIMITED FOR PRODUCERS

Under the present system a small producer is not able to market his surplus for a larger price than he can get. By affording a municipal market where these products may be disposed of for moderate prices, not only is the producer but the consumer benefited. In the war plans which

## Ally Transport Sunk; 62 Are Reported Dead

NEW YORK, June 24.—The British transport B. Dvinsk, formerly a Russian steamer, 8173 tons, is reported in marine circles to have been sunk by a German submarine. She is believed to have been bound for the United States. Sixty-seven members of the crew may have perished, the navy department announced this afternoon. The vessel, westbound, carried no troops.

## Order Numbers For New Class Will Be Drawn

WASHINGTON, June 24.—Wednesday or Thursday of this week may be fixed as the date for the drawing of order numbers for the young men who registered for the army draft on June 5. Announcement of arrangements for the drawing awaits reports from half a dozen local boards, whose records are incomplete.

The drawing will be held with formal ceremony in the capital, like that which fixed the order of nearly 10,000,000 registrants a year ago.

The plan has not been made public, but it is understood to be a modification of the original scheme.

The law provides that the 1918 registrants shall be placed at the bottom of the classes to which they may be assigned by the local boards on the basis of their questionnaires.

A very large proportion of the nearly 800,000 registered are expected to go into class one.

## BISHOP SAYS HE RAN OFF TO ESCAPE WORRY

LEASSED WIRE TO TRIBUNE.

VANCOUVER, B. C., June 24.—"I just made up my mind to get away from business worries and here I am," is the explanation given by Harry Bishop, proprietor of Bishop's Theater, Oakland, Cal., and one of the best known theatrical men in the West, whose sudden disappearance a week ago constituted a mystery up to Saturday, when the Bishop family was advised of Bishop's whereabouts. He said today that he had been so worried with the condition of business, which had fallen off considerably, that he simply had to get away for a time to recuperate.

Bishop said he had not suffered from anxiety or loss of memory, nor had he become mentally unbalanced. His face showed signs of some mental strain, and he said he is just "resting up."

Harry W. Bishop, Oakland theatrical manager, who dropped from sight, had the police searching for him for several days, and finally wired his family from Vancouver, B. C., that he was safe and is expected home shortly. If he does not agree to return home this week, his family will send for him, it was declared today.

"I think Harry will come home of his own accord," said his brother-in-law, J. W. Jackson today. "If he does not, or if it seems he is not taking care of himself properly up there, I shall go up and get him by the end of the week."

No further details, and no reasons for Bishop's strange disappearance and journey, have been received by the family. Jackson still maintains that worry over business probably caused a nervous breakdown. "It is certain Bishop was not normal when he left," said Jackson. "If he were a mixer—drank, or hung around billiard parlors and picked up friends—it would be different, but he never went anywhere like that. He had no friends here, and he had no family. That is why we were positive that if he were alive he would let us know where he was, as he did."

He wires he has money and is all right, and he has taken steps to find out—and if he is sick or seems still under a mental strain, I will go after him."

Jackson scored a rumor which had been circulated to the effect that Bishop had left to dodge process servers or bill collectors. "That is the most absurd story," his enemies could have circulated," said Jackson. "In the first place, there are no suits against him, so there could not be process servers, and in the second place, he is and always has had good credit, and has assets to cover anything he might borrow. There is nothing the matter with Bishop but worry."

Bishop said he was stopping at the Hotel Castle at Vancouver. Theatrical friends have been requested by the family to see him there and report if he needs aid in any way.

## Panama Takes Steps to Lift Ban of U. S.

PANAMA, June 24.—The government has issued decrees to alleviate conditions which caused American military authorities in the canal zone to prohibit soldiers from visiting Panama and Colon. The first increases the liquor license fee ten times and regulates sales. The other establishes clinics for certain diseases.

## AMERICANS WIN 400 YARDS IN NEW DRIVE

Inflict Severe Losses On the Enemy; Capture Machine Guns and Dig in at the New Line; Foe Being Reinforced

BELLEAU WOOD IN HANDS OF U. S.

British Juggernauts Inflict Big Damage on the Enemy in a Late Attack Near Bucquoy, Returning Safely to Lines

By LOWELL MELLETT.

United States Staff Correspondent. WITH THE AMERICANS ON THE MARNE, June 24.—The Americans in Belleau Wood today drove forward 400 yards despite fierce German resistance. They inflicted severe losses on the enemy, captured a number of machine guns and then dug themselves securely into their new lines. Only a little fringe of the wood now remains in the hands of the Boche.

Despite their desperate resistance the Germans suffered heavily. The American losses were not disproportionate to their gains. The Germans heavily bombarded an American unit northwest of Chateau Thierry with gas shells today. The enemy is constantly increasing its defense in this region, improving trenches and establishing barbed entanglements and machine gun nests.

WITH THE AMERICAN ARMY IN FRANCE, June 24.—The repulse of the Germans in the recent fighting at Nivernoy (on the Toul front) by Americans "shows clearly what can be expected from these magnificent troops when, in its turn, the entente assumes the offensive," said a citation in an order issued by a French army corps commander today, congratulating the American forces taking part.

The citation said further: "This brilliant action does great honor to the American division and in particular to the regiment. It demonstrates unquestionably the superiority of the American soldier over the German."

Citations congratulating the Americans came from a French army commander as well as from the corps commander.

LONDON, June 24.—Successful operations in Belgium and at other points on the British front are reported by Field Marshal Haig today. "Many Germans were killed and fifty prisoners taken in a successful minor enterprise south of Meteren last night," the statement said. "Casualties were inflicted and prisoners captured in night raids and patrol encounters elsewhere on the front."

The British employed tanks in night raids for the first time when several of them participated in an attack near Bucquoy on Saturday night. They inflicted great damage on the enemy and returned safely. Nothing of special interest was reported from the British front last night. The French war office reported Saturday night and Sunday "calm" on the whole front.

PARIS, June 24.—Italian troops holding positions on Bligny Mountain, eight miles southwest of Rheims, repulsed another German attack after sharp fighting, inflicting heavy losses on the enemy and taking prisoners. The French war office announced today.

A German attempt was repulsed in the Laethel region (six miles northwest of Metz) last night. "Between the Marne and Rheims the Germans again attacked Italian positions on Bligny mountain. After sharp fighting the Germans were repulsed with heavy losses, losing prisoners and taking prisoners. The allies have lost eleven planes."

## ITALIANS IN COUNTER OFFENSIVE DRIVE FOES ACROSS PIAVE

Many Cannon Captured; Fearful Losses Inflicted By Victorious Latin Army

WASHINGTON, June 24.—Capture of 45,000 prisoners and enormous stores of war material by the Italians in their counter offensive, which has driven the Austrians across the Piave, is announced in an official cablegram received today by the Italian embassy from Rome.

"Offensive operations by our troops began on Sunday," says the despatch. "After violent artillery preparations that destroyed all bridges except one, the infantry drove forward with irresistible impetus."

"The flooded Piave contained thousands of enemy corpses. Divisions which had passed the Piave were decimated by our artillery and infantry."

"Montello was attacked in three columns. Enemy lines were broken at Cella Della Madonna and Nervesa and reoccupied. From Maserada to Cardona the Austrians first resisted our attacks desperately, but finally were forced to retreat to the left bank. Battle continues fiercely in the Sordana sector."

"Forty-five thousand prisoners and enormous booty captured by the Italians."

"American airmen displayed great bravery in the first encounters. Lieutenant Young, attacked by two Austrian Chasseurs, was obliged to land on the lower Piave."

(By Associated Press)

ITALIAN ARMY HEADQUARTERS, June 24.—The great retreat by the Austrians along the Piave front began under cover of darkness on Saturday night. The retreating troops left their cannon behind them.

Italian detachments are pursuing the enemy east of the Piave. When it was observed that they had begun a retrograde movement, the Italians began to attack virtually all along the Piave line from Montello on the north, well towards the mouth of the river. The attack was quickly pressed and became more insistent, accompanied by violent artillery fire.

The number of guns left behind by the Austrians as they retreated has not been computed, but is said to be very great.

Austrian troops left to cover the retreat used their machine guns to set up a barrage.

ITALIAN ARTILLERY DESTROYED BRIDGES.

LONDON, June 24.—All but one of the bridges left of the Austrian retreat across the Piave have been destroyed by the Italian artillery, according to advices received here this afternoon. It is added that enormous booty has been taken by the Italians.

After recapturing the Montello from the Austrians, according to news received in London this afternoon, the Italians began making bridgeheads at Falze and Nervsa. The Italians met with little resistance.

The retreating Austrians crossed the Piave by the only bridge remaining intact north of Zenson. Other enemy forces were forced to wade across the stream.

Between Montello and Zenson the Italians are on the river for the entire distance. They are sending over cavalry between the Congiario and Falze and Nervsa. The Italians met with little resistance.

## HUNS HOPE TO REDEEM THEIR FIZZLE IN WEST

By WILLIAM PHILIP SIMDS.

WITH THE BRITISH ARMIES IN FRANCE, June 24.—Ideal fighting weather that is almost unprecedented continues on the west front, yet there is nothing more serious than the continuous jostling for position.

There is nothing more to delay Hindenburg's next thrust in the west. The Austrian offensive, scheduled to fill in the pause on the Franco-British front, was expected to serve as a heartening effect, but it proved the opposite.

Italy's Victory Over Foe On Piave Front Turning Into a Disaster of Great Magnitude for the Defeated Invaders

FOE'S LOSSES SAID TO TOTAL 180,000

Slaughter of Austrians Is Indicated by Thousands of Bodies Seen in Swollen River—45,000 Prisoners and Booty

BY ASSOCIATED PRESS.

LEASSED WIRE TO TRIBUNE.

Italy's victory over the Austrians on the Piave front appears to assume the proportions of a veritable triumph for the Italians and a disaster of great magnitude for the defeated army.

Already it is announced in official despatches from Rome the Austrians have lost 45,000 men in prisoners and great quantities of material, while the extent of their other casualties may be indicated by the thousands of bodies floating in the waters of the swollen river.

Unable to force his way further than the immediate vicinity of the west bank of the river, and with bridges thrown across the stream washed away by the swirling waters of the flood pouring down from the mountains formerly emptied into a precipitate retreat Saturday night.

CANNON LEFT BEHIND IN HURRIED RETREAT.

So hasty was his withdrawal that he left a great many cannon on the west bank of the Piave, while his retreating infantry columns, according to news despatches, are already being overtaken by Italian detachments thrown over to the easterly side of the stream.

From the Montello plateau southward to the Adriatic comes the same story of the Austrian retreat. The Piave river formerly emptied into the sea quite near Venice, but in recent years its course was changed to its present location. In the first rush of the Austrian offensive the enemy succeeded in crossing the old river bed, which now is a canal. From their positions there the foe has been driven and the Italians are relentlessly pressing the pursuit.

The latest news despatches from the Piave front, sent out on Sunday, tell of Italian bombing units being thrown across the main stream of the Piave, which seems to indicate that the Austrian retreat was not stayed at the eastern bank of the river.

There have been no further reports forecasting a new attack in the mountain sectors of the Italian front.

AUSTRIAN LOSSES PLACED AT 180,000.

Austrian official claims of the capture of 40,000 prisoners and allied losses are declared to be falsifications in a semi-official note issued in Rome. It is asserted that the Italian losses in killed, wounded and missing aggregate 40,000. Austrian losses are placed at 180,000 by Italian newspapers.

Coincident with the Italian victory on the Piave comes the news of the Italian units on the Marne-Rheims sector repulsing a second heavy German attack on the heights of Bligny, just to the west of the city of Rheims. The German failure was complete, as was the original blow on Saturday night.

A German attack on the French at Anteuil, west of the Oise, was beaten off on Sunday night.

British troops have taken prisoners and inflicted casualties in local operations along their sectors of the front in France.

# AUSTRIANS ARE HELD BY GOLD ITALIAN STEEL

BY ASSOCIATED PRESS.

LEASD WIRE TO TRIBUNE.

ITALIAN ARMY HEADQUARTERS, Sunday, June 23.—Harassed by steady and accurate artillery fire, compelled to face heavier attacks by the Italians and being constantly bombed by allied aviators, flying low in defiance of machine gun and anti-aircraft fire, the Austrians have been fighting recently with the courage of the lion.

Local counter-attacks have been launched without regard to losses against the allied trenches on the Montella plateau, but have been everywhere broken by the granite resistance interposed.

The crest of the Piave river flood passed yesterday, but the falling waters came too late to relieve the position of the Austrians. The inundation went sixteen feet above the low water mark. Along the lower Piave Italian pressure has been constant. The tired enemy has been given no rest, although the fighting has been intermittent, owing to the fact that neither side has been able to go more than fifty yards through the heavy bushes and tall swamp grasses growing in the low lands.

The heroic deeds of the Italians in the fighting upon the Carso plateau in the last days of the war are recalled by their determination, to win 2nd examples of valor and endurance shown in the present struggle.

There is no boasting, no victory chants, but a realization that harder fighting may yet come.

"The word 'Piave' is being written in blood-red letters on Austrian hearts," said a dust-covered, sweat-stained Italian officer, who has been fighting every day for a week with scarcely any rest.

"We are saving the shouting until Austria's plunder expedition is defeated," said 70-year old Deputy Banchette, who is spending his time as an Alpine officer, telling the soldiers and telling them victory is the one way to secure peace.

Behind the lines the civil population is undisturbed, there being but few refugees. The cities are calm.

On the mainland, Americans are in evidence, due to the influx of Red Cross helpers and officers of the American military mission. The third hospital units of the American army, under command of Colonel Elbert E. Fergusson, have arrived. The American soldiers in their jaunty uniforms with the golden flying eagle are attracting much attention.

## Pro-German Letter Threatens L. A. Pastor

LOS ANGELES, Cal., June 24.—An anonymous, threatening letter, warning him to "stop speaking against the Germans," and signed "Hoch Der Kaiser," was read in the course of the evening services by Rev. Charles Edward Locke, pastor of the First Methodist church, whose denunciation of what he termed the "diabolism of Prussian militarism" has been pronounced.

"Any contemptible coward can write an anonymous letter, but that is cowardly," said the minister, in commenting upon the note. Then he proceeded again to denounce "the fiery snakes and hellish hyenas of Berlin."

## LAST PLEA FOR MOONEY FILED WITH STEPHENS

BULLETIN.  
District Attorney Charles M. Fickert of San Francisco, in Oakland today in connection with the Thomas Mooney case, said that he will present before the San Francisco county grand jury tonight new and sensational bomb plot defendant, was in the pay of Germany, and asking solely for the opportunity of again presenting his case to a jury. Attorney Maxwell McNutt today filed his final brief with Governor William D. Stephens in support of a plea for executive clemency for the accused, who is under sentence to be hanged August 23.

"Not only has no evidence been introduced, but none is from any source available that Mooney had any interest in or connection with German propaganda," McNutt contended. The last sentence is a denying paraphrase of Fickert's charge contained in his brief filed June 10. McNutt, quoting Scripture, "First cast out the beam out of thine own eye, and then shalt thou see clearly to cast out the mote of thy brother's eye," arraigns the district attorney for the latter's sponsoring of Charles Crowley, private detective for Franz Bopp, German consul at San Francisco, now serving a term at McNeil Island for conspiracy to set on foot a military expedition against Canada. The sponsoring consisted, he says, in giving Crowley a letter to be used in gaining introductions to officers throughout the United States and Canada in connection with the work of suppressing the drug traffic.

McNutt argues the attack upon the credibility of the testimony of Frank Oxman, Oregon cattleman, and Mrs. Sadie Edeau of Oakland, witnesses for the state, is sufficient to justify Mooney in seeking executive clemency. Concluding, he says: "Mooney asks the governor of California no relief, responsibility for the ranting of which warrants a covert threat from San Francisco's district attorney, now candidate for governor."

WITH THE AMERICAN ARMY IN LORRAINE, June 24.—Chaplain Walter F. Dankers of Worcester, Massachusetts, died last night of wounds received during the German bombardment which took place last Saturday. He is the first American chaplain to be killed in France. The doughboys considered him the bravest and most cheerful priest they had. He was recently decorated with the French war cross for carrying in wounded from No Man's Land during a heavy enemy barrage.

## SUPERVISORS SEEK MARKET SAVING

(Continued From Page 1)

call for an absolute saving of every bit of foodstuff, the municipal market is a solution.

The federal government is putting a new emphasis on saving, making the matter of thrift in food conservation a matter of community rather than individual habit. While each housewife is expected to be as economical as possible in using what she has, the community must be equally as saving. The matter of growing crops to waste for want of buyers is an unparliamentary custom from which the people themselves are being wakened. In providing a place of public exchange, the city is proving its loyalty. Housewives are not only assisting in the conservation of crops, but are saving actual money which may be invested in war savings certificates, Liberty bonds, Red Cross funds, etc., accomplishing a dual patriotic service.

## BIG CANNON CAPTURED BY ITALIAN ARMY

(Continued From Page 1)

When the Austrians had only two big guns of any size. The others had been swept away by the flooded waters, leaving the enemy detachments on the west bank short of food and munitions and without means of obtaining reinforcements.

The retreat of the Austrians in a worse position, both militarily and politically, than before they started their drive a week ago yesterday. If they yield all the ground they captured, the drive will have their enormous losses in man power without any concrete objective having been obtained. This not only will have a serious effect on the army's morale, but will add to the already serious depression at home.

There is considerable speculation as to the effect the retreat on the Piave will have on the impending renewal of the Austrian drive southward from the mountain area. It has been known for several days that the enemy had massed heavy forces in the mountains preparatory to another effort to reach the Venetian plains. Whether the Piave defeat will hasten this drive and diversion or will cause its indefinite postponement is problematical.

## GERMANY TO RUSH TO AID OF HER ALLY

By CARL D. GROAT.  
United Press Staff Correspondent.  
WASHINGTON, June 24.—Fearing a demoralizing rout of her ally, Germany is rushing reinforcements to Italy, army men were informed today.

With the Austrians in disorganized retreat across the flooded Piave and harassed by the Italians, French and British, such aid is the only thing that can prevent an Austrian disaster with consequent disruption at home, military men say.

They pointed out that the allies might gain a turning point victory by taking the offensive. Whether they could prepare for such action before reinforcements make themselves felt is uncertain.

All the Austrian unrest, strike and starvation reports are taken "with a grain of salt."

While many officials believed in strong counter-offensive measures in Italy now, some diplomatic quarters urged a stroke in the Balkans. However, the military view is that the western line—and that includes Italy—will be the decisive battle ground. Experts say no diversion should be permitted, not even to send American troops to Russia.

## AMSTERDAM, June 24.—Emperor Karl hurried to the front Sunday, according to a Vienna despatch today.

The last previous despatch said that Karl was at Austrian headquarters north of the Asiago plateau. It is probable he had returned to Vienna because of the food demonstrations and ministerial crisis.

## GERMANS RUSHING TO AID OF AUSTRIANS

WASHINGTON, June 24.—The Germans are said to be thoroughly awake to the probability of a complete collapse of the Austro-Hungarian government, already struggling with a half-starved and riotous people, in the event of a complete Austrian rout at the hands of the Italians.

Realization of this fact, Rome believes, has caused the German general staff practically to suspend, if not to abandon, its offensive in France, as has been evidenced by the comparative quiet there for the last week. German soldiers are being rushed by rail to the northern end of the Austro-Italian battle lines, with the purpose of restoring the Austrian morale, and not only checking the Italian counter-attack, but, by force of numbers, breaking through the mountain passes into the plains of Venetia.

With such help as the entente armies can give immediately, supplemented as rapidly as transportation can be had by troops directly from America, and, even more important, by ample military supplies and food for the army, the Italian general staff is reported to be convinced that the victorious sweep of the Italian army will traverse the famous Etna plateau—last fall—and will not stop until the Italians have reclaimed all of the country up to the right bank of the Isonzo, which marked the extreme of General Cadorna's advance.

## First Million Tons of Ships Completed

WASHINGTON, June 24.—The first million tons of new ships built on contract for the Shipping Board probably will be delivered before the end of the month. Last week deliveries totaled five steel vessels, with a deadweight tonnage of 27,880, making the grand total of 1918 production 924,200 deadweight tons.

WHITTHORNE & SWAN, Washington St. at 11th

has become the imperative need of the hour. More work to do—fewer hands to do it—is the present problem. Labor must be saved; man power must be conserved. Clerical time and labor waste is something you can ill afford at any time. Still less can you afford it now—when there is no more labor to waste.

All business houses feel this condition. For them the maximum of clerical labor saving has become an absolute necessity.

The Remington Typewriter product supplies this need. The special Remington features offer this maximum of time and labor saving in all of the most important clerical and accounting tasks.

Among these features are:  
The SELF STARTING REMINGTON, which saves from 15 per cent. to 25 per cent. of time in ordinary standard letter writing.

The KEY SET REMINGTON, which performs a similar service in all statistical and other tabular writing.

The REMINGTON ACCOUNTING MACHINE (Wahl Mechanism) which cuts out half the former labor in billing, statement writing and ledger posting, and applies cold-steel, error-proof accuracy to every accounting task.

The sum of these Remington time and labor savings will solve the clerical labor problem—however acute the problem may be.

How about your clerical work? Have you any clerical tasks to which you have not yet applied these latest Remington labor savers? If you have, then we can help you to solve YOUR problem.

## BORDWELL IS 5TH CANDIDATE FROM SOUTH

The fifth candidate for Governor from Southern California has issued an announcement. The latest aspirant for gubernatorial honors is Judge Walter Bordwell of Los Angeles. To date there are three Republican candidates from the sunny south—Governor W. D. Stephens and Judge Walter Bordwell of Los Angeles, and C. A. McGee of San Diego. On the Democratic side, District Attorney Woolwine resides in Los Angeles city and Francis J. Heney claims a residence of Los Angeles county.

Judge Bordwell two years ago retired from the race for United States Senator from the Los Angeles district. He was defeated by Senator Ilram Johnson. Bordwell for several years was a member of the superior bench of Los Angeles county, served a term as president of the Los Angeles city school board and was a delegate two years ago to the Republican National convention in Chicago.

In announcing his candidacy for governor, he issued what he termed a "brief but explicit public declaration of some of the more important principles" which he said, would guide him if nominated and elected.

These include the assertion of his belief that national and state government could best be served by the application of Republican principles, liberalized to meet the needs and aspirations of a progressive people, the promise of a substantial reduction in the cost of state government; the conduct of his campaign on "a very slender purse."

**FROM THE  
TRIBUNE  
the  
TOWER**

R. H. Adams, Democratic central committeeman, who, to his chagrin, has been mistaken on occasion for Charles Evans Hughes, wears that species of hirsute chin lambrequin known as a "snooze." He was coming down the street the other day when a "bundle stuffer" which in unguarded parlance is plain hobo, borrowed the loan of a bit of a match. As he fired his tobacco kiln he caught sight of Adams' "snooze."

"I'll let you have a hobo like that 'till I saw myself in a glass once at Livermore, 'n' I cut it off," he said.

Adams was not dismayed.

"That's nothing," he said.

"You'd better let it on. I looked in a glass once in Oakland, and I saw a face like yours, so I grew the beard."

"The h—l you say," retorted the 'hobo.' "Ain't it funny the ideas people get?"

These include the assertion of his belief that national and state government could best be served by the application of Republican principles, liberalized to meet the needs and aspirations of a progressive people, the promise of a substantial reduction in the cost of state government; the conduct of his campaign on "a very slender purse."

## BOY SCOUT CAMP IS GIVEN MUSIC

Well, the Boy Scouts 'got their music, and plenty of it, too! Sunday The TRIBUNE told a little bit of how much a phonograph was needed up in Diamond canyon, where the Boy Scout war camp and agricultural garden is located. And today the Hauschildt Music Company, through the manager of its talking machine department, Helen Plummer Howard, presented the boys with a real live, self-running phonograph and enough records to keep it going. The donation has won the gratitude of a flock of sturdy little workers in khaki—soldiers and citizens of tomorrow—who will cluster around the magic box and have music for a long time from a source of loneliness, for every stir of patriotism. The records run the gamut of music, from regular boy music to the heavier records that mean things boys can never understand but can appreciate.

It is going to be a great scene around the campfire now, up there in Diamond canyon. Sousa is going to play to them in the flight out of the shadows, and Creators and all the rest. There will be waltzes, dances, and wild Arabian gambols, and Anitra will trip the soft earth, and all the wild animals of boyhood belief and imagination will come creeping in as the music plays.

And they will take their guns and march away, sitting bug-eyed around the fire, with their older brothers, off to the trenches at the French front, there to rout the enemy and capture prisoners and come home with scalps hanging to their belts—such is music to a boy.

The phonograph goes out to the Boy Scout camp today with its pile of records. Tonight they are going to have their first concert out there. They have been having a vacation full of work and play and big desires and large accomplishments, and plenty of good food, and the fun of sleeping on the ground. But with the music—it is going to be paradise—at least that is what the Boy Scouts say about it.

And what they say about Helen Plummer Howard, through whose efforts the special trout-fly, and waded in where the skippers were thickest, and whipped the pool. Right away "Alibi" entered a denumerous by grabbing the hook, fly and all.

"Gene" says he fought with "Alibi" from 9 o'clock in the morning until noon. Then he paid a small boy to hold the pole while he went into camp to lunch. After lunch he went back and fought with "Alibi" some more. Then he knocked off for dinner. And about midnight, after the moon had come up and he could see what he was doing, he got him ashore. He weighed 12½ pounds, according to stipulation of all parties!

There will be no appeal from the record. "Alibi" has been eaten. A habes corpus would show only one fin, and a backbone. So the matter remains in statu quo. The rest of the party have not come back with their story of the episode yet. In believing a fish tale, caveat emptor. For a pluribus unum develop before the end of the season! Nux vomica!

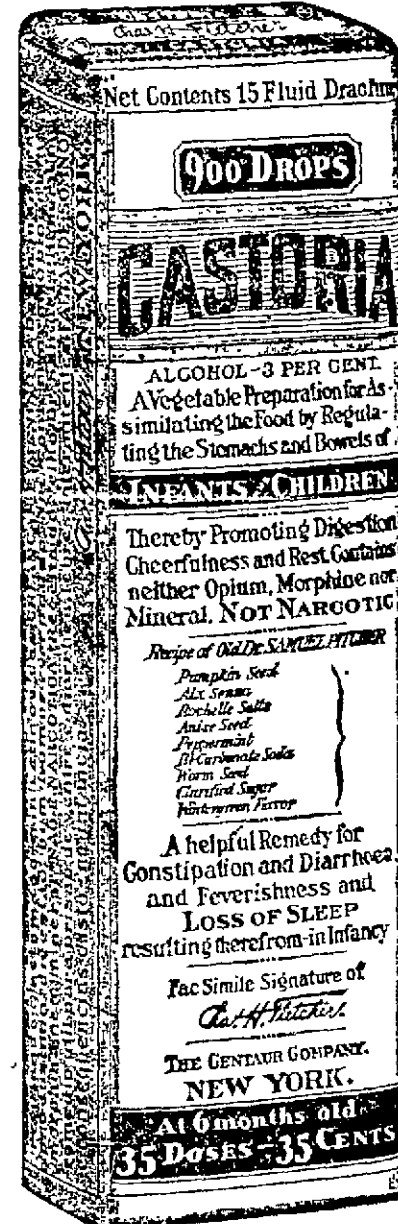

ports the machine reached them, would fill a good-sized book and still leave enough over to make even the most blasé person pleased with boys particular.

## Physicians Recommend Castoria

**YOU** know the real human doctors right around in your neighborhood: the doctors made of flesh and blood just like you: the doctors with souls and hearts: those men who are responding to your call in the dead of night as readily as in the broad daylight; they are ready to tell you the good that Fletcher's Castoria has done, is doing and will do, from their experience and their love for children.

Fletcher's Castoria is nothing new. We are not asking you to try an experiment. We just want to impress upon you the importance of buying Fletcher's.

Your physician will tell you this, as he knows there are a number of imitations on the market, and he is particularly interested in the welfare of your baby.

## Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. B. Halstead Scott, of Chicago, Ill., says: "I have prescribed your Castoria often for infants during my practice, and find it very satisfactory."

Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."

Dr. J. H. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."

Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively, as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's."

Dr. Wm. J. McCrann, of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine, and aside from my own family experience I have in my years of practice found Castoria a popular and efficient remedy in almost every home."

Dr. J. R. Clausen, of Philadelphia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."

Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."

Previous to the time Capt. Barney Dreyfus started the baseball world by hiring Jimmy Callahan's job to Bezdek, the latter was acting as scout for the Pittsburgh team. Bezdek's screwiness and the pay of hotel women seem to have been the problems of this end of the pastime influenced Dreyfus to gamble on him in a manner.

## SMITH QUILTS AS HEAD OF CO. HOSPITAL

Dr. A. M. Smith tendered his resignation as superintendent of the county hospital at the meeting of the Board of Supervisors today.

No reason for desiring to withdraw was given, and after expressing regret for the decision of the superintendent, the communication was referred to the committee of the whole.

Increases of salaries was the order of the day at the meeting of the board. The Oakland school board called upon the supervisors relative to the proposed increase of \$5 a month to all teachers in the department, with special advances for principals and others. The school board has already voted the increase and is discussing the inclusion of provision for the additional revenue in the budget. The increase asked for teachers is \$116,541; general expense, \$180,049; total budget, \$2,166,093.

### FOR HIGHER PAY.

Additional pay for the county employees under the jurisdiction of the Board of Supervisors was set down for consideration at the meeting of the finance committee Thursday. The engineers employed by the county have asked for a raise to \$19 a month and \$175 for the chief engineers. The new schedule has been approved by the association and the labor bodies and will, it is expected, be allowed by the supervisors, who will deal with it in connection with the proposition to make a general advance of all wages and salaries of county employees whose compensation is not fixed by statute. The contemplated advance will amount to from 10 per cent up.

### LEACH RESIGNS.

Frank A. Leach Jr. tendered his resignation to the board as a member of the County Institutions Commission, urging lack of time from his personal business. The request was granted, along with a vote of thanks for his services, and, on motion of Supervisor Mullins, Joseph H. King was appointed in his stead.

A resolution was presented to the board by District Attorney E. A. W. Decoto defining sedition as the employment in any manner of language intended to disparage the United States or its allies or the conduct of the war, or which in any manner will give aid and comfort to the enemy.

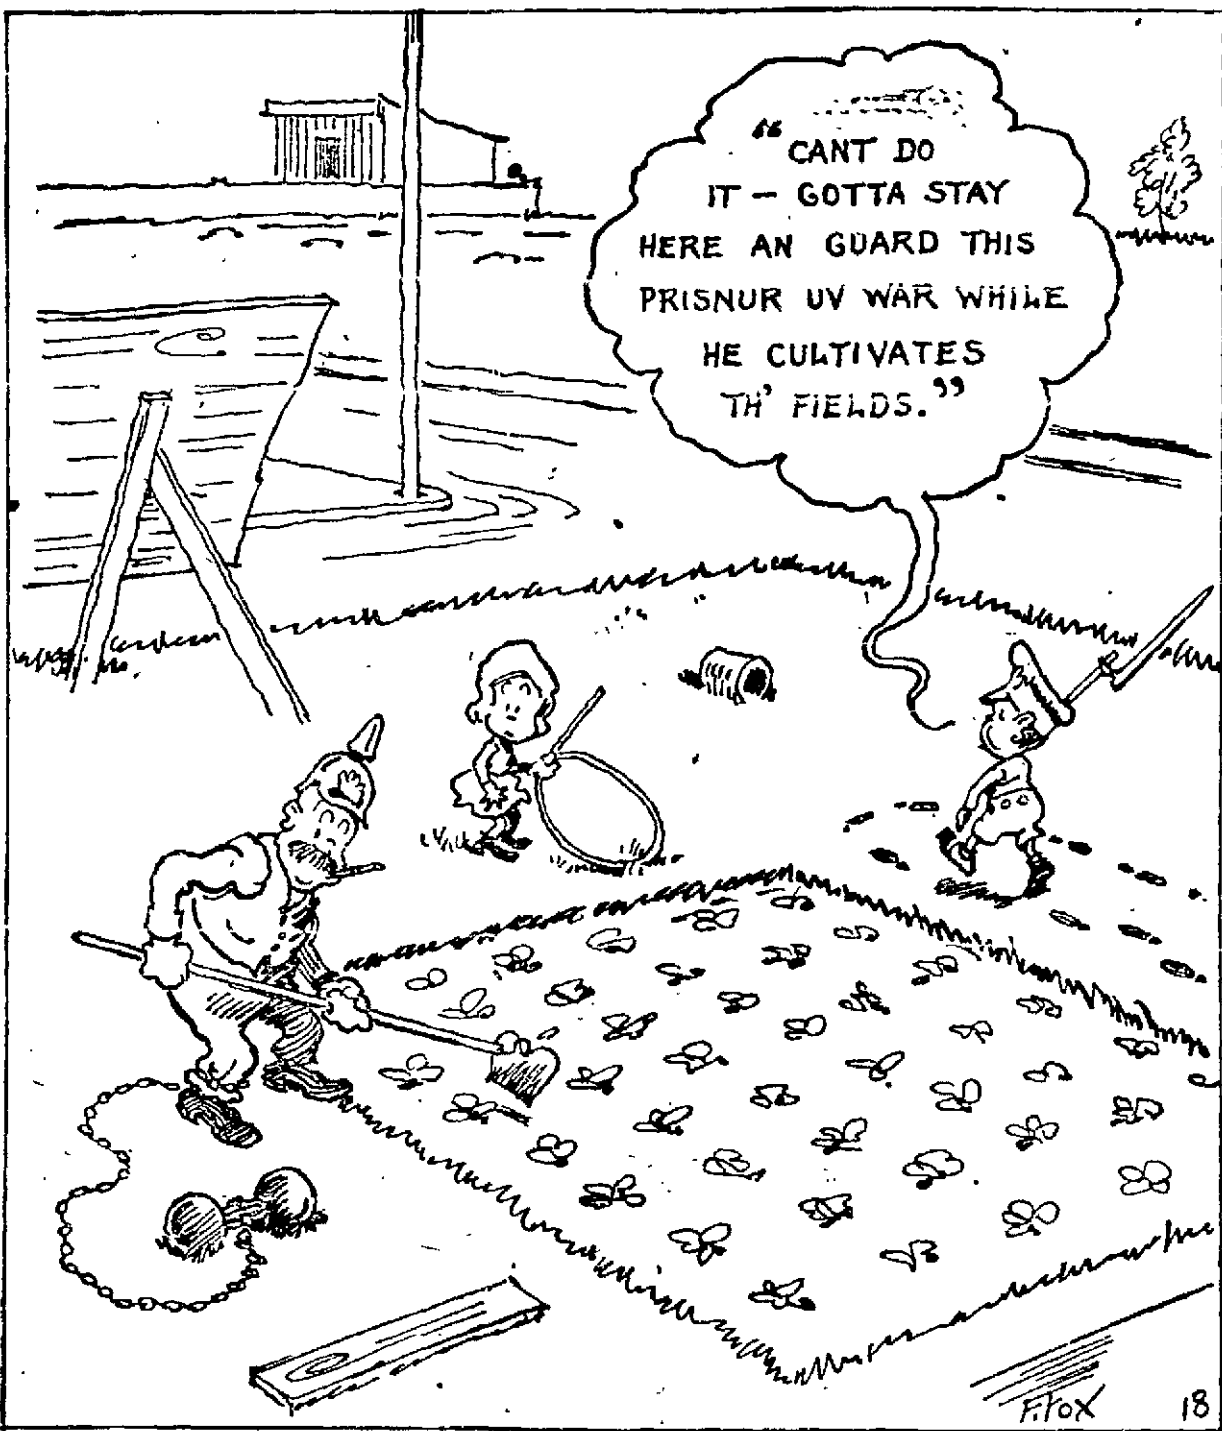

County Engineer Haviland was instructed in a resolution to prepare plans for a new bridge over Eden Canyon creek, on the Eden Canyon road.

County Architect H. H. Meyers was instructed to prepare a set of plans for a leper's cottage at the county hospital for the use of men patients. This will be in addition to the cottage provided for in plans asked for last week.

Joseph Thomas withdrew his application for a liquor license in Sunol and will continue to conduct his saloon in Centerville. The Sunol place will be closed.

Opposition developed to the granting of the request of the Hayward, Livermore and Niles districts for an appropriation of \$1500 for the extension of agricultural and home economies under the administration of the University of California, and the matter was postponed till Thursday.

Dad has invented a new game which allows him to work in the garden and the same time keep Willie in sight and out of mischief.—F. F. FOX.

Copyright 1, 1918, by the Wheeler Syndicate, Inc.

Chairman Murphy opposed the appropriation on the ground that the university is now doing the work that is proposed to be done and the proposal is merely in the interest of giving some one a position. Supervisors Hamilton and Mullins took the same view of the matter and Supervisor Heyer favored the appropriation on the grounds that the work proposed to be done effects the rural community. District Attorney Decoto gave it as his opinion that such appropriation was within the powers of the board.

County Auditor Garrison was instructed by the board to draw warrants for the completion of the purchase of three parcels of land for the estuary bridge approach as follows: Standard Realty and Development Company, two lots, \$7500; Caroline F. Emery, one parcel, \$3450, and D. B. Hunter, one lot, \$3000.

Condemnation proceedings against a number of pieces that have been acquired by purchase were dropped.

District Attorney Charles M. Fickert of San Francisco attended the session of the board of supervisors today in the interest of his campaign for governor. He was introduced by George McDonald, and told the supervisors and spectators that he is certain of carrying 80 per cent of the labor vote of San Francisco. He says that he has a number of the officials of Mooney's union on his petition.

### Plan Monument for First Man to Fall

EVANSVILLE, Ind., June 24.—A national fund to erect a national memorial building in honor of James Bethel Cresham, resident of Evansville, and the first American soldier to fall in France, was started here tonight. It is planned to name a national executive committee of prominent men from every State to raise the fund.

## FREIGHT ZONE FOR COAST IS PLANNED

That a large part of the freight congestion of last month throughout the larger shipping points of the United States was due to friendly command-eers, together with cancellations and delays in accepting and taking goods, is the declaration of Isidor Jacobs, president of the California Canneries Company, who has returned from a trip to Washington to confer with the War Department officials, the National Food Administration, of which he is a member, and officials of the National Credit Association, which he represents on the Federal Food Board.

### TO AVOID CONGESTION.

"It is the intention of the War Department," he said, "to effect a complete reorganization in reference to the purchasing of and payment for supplies, material, equipment, etc., required throughout the country, in order to avoid congestion and the tying up of tremendous amounts of money and overcoming the delays in reference to the auditing and payment of accounts."

"It practically has been decided to divide the country into eleven zones with a depot quartermaster in charge of each zone, who will be given full authority for the purchasing in that particular zone. On the Pacific Coast the zone will comprise all of the Pacific Coast States, as well as Arizona and Nevada. In each zone will be located also a paymaster, and as fast as goods are accepted by the government payments will be authorized and made promptly."

"So far as the war is concerned, at Washington everything is of the most intense optimistic character, and everybody is looking forward for an eventual overwhelming victory on the part of the United States and her allies. The advent of the U-boat on the Atlantic coast has caused intense patriotism throughout all the Atlantic cities, particularly in New York, and everywhere there is only one thought and purpose—winning of the war."

## You'll understand why "Caltex" are best

After wearing these new and improved double-vision glasses you will recognize at once their superiority over all other types of bifocals. "Caltex" One-piece Invisible Bifocals have the appearance of regular glasses—are ground from a single piece of glass. They do the work of two pairs of glasses. The discomforts and disadvantages of old-style Bifocals have been entirely eliminated. You'll say so, too.

## 3 DEAD, 12 HURT SUNDAY'S TOLL OF MOTOR CARS

One woman and two men killed and twelve persons injured is the toll today of Sunday automobile accidents in the bay region. The dead are:

FRANCIS BURNHAM, 1515 Grand street, Alameda.  
MRS. J. C. ANDREWS, 1556 Jackson street, San Francisco.  
GILBERT SMITH, 36 Willard avenue, San Jose.

The injured are:

Russell Andrews, 15-year-old son of the dead woman; severe bruises about the head and body.

A. H. Marshall, Mill Valley, son-in-law of the dead woman; severe bruises and lacerations.

Mrs. A. H. Marshall, severe bruises and lacerations.

Bert McMinnie, Mill Valley; concussion of the brain; may die.

Miss Hazel Times, Mill Valley; severe bruises and lacerations.

T. F. Dolan, 3316 Twenty-second street, San Francisco; lacerations and bruises.

Norris Hedges, 21, 1631 Eighth street, and Otto Dye, 36, employed at the Harbor shipyard, a meeting at the Metropole hotel, were hurt in a manner which they were unable to explain while motoring between Oakland and San Leandro. Hedges was cut about the face and Dye had an ear torn off.

In an accident on the Tunnel road, C. R. Roat, 19, 831 Twenty-first street, and A. J. Laton, 21, of Cazadero, sustained slight injuries.

Clara Denica, age 4, ran out from her home on Twentieth street, near San Pablo avenue, and was struck by an automobile driven by Charles Odh, 591 Fifty-fifth street. She sustained a fractured left leg.

J. Coring, 35, 1118 Sixty-fifth street, sustained a fracture of the right leg when his motorcycle collided with an automobile, at Market street and San Pablo avenue, driven by D. P. Spillane, 644 Agate street.

In the case of Smith, the driver of the death machine drove on without stopping and the peace authorities in Alameda, San Francisco and Santa Clara counties are endeavoring to identify him. Smith was struck while crossing the street and his body was found by a passerby. He was unmarried and resided with his parents.

Mrs. Andrews was killed when the automobile driven by her son-in-law was bumped or crowded off the State highway at Mill Valley by a big touring car driven by a soldier in uniform. The car did not stop. Marshall said he cannot tell whether or not the soldier was drunk. It was dark when the accident occurred and there is a possibility the driver of the other car did not know that he had caused an accident.

Dolan was in an automobile that overturned near Beresford, in San Mateo county. He is a member of the San Francisco board of works.

SAN FRANCISCO, June 24.—Francis Burnham, 72, whose residence is believed to be 1315 Grand avenue, Alameda, died at the French hospital this morning from injuries received last night when struck by an automobile driven by Charles W. Kennedy, 1546 Geary street, at Geary and Hyde streets. Kennedy removed the aged man to the French hospital, and was booked at the First-street station on a charge of battery, which was changed to manslaughter with Burnham's death this morning.

## ONE BOSS FOR DREDGER URGED

That the employees of the municipal dredger be placed on a sliding scale of bonus payments and the dredge be placed entirely under the control of one man is recommended by Ralph A. Eetbee, efficiency expert, in a report of the dredger's operations covering the last three months. The report, the seventh made by the engineer, was made to Mayor Davis and presented to the city council today.

Referring to the amount of material dredged in March, April and May, by cubic yards, Engineer Eetbee says: "It is evident that the performance could be considerably improved. It is my recommendation that the best way to bring this about would be to give absolute control of the operation of this dredger to one man, this control to include all labor, wages and material necessary, and to hold this one man responsible for definite results, both as to cost per yard of material moved and as to the amount moved."

In case the dredger did not perform to its schedule, a new superintendent should be appointed. I would suggest that the Harbor Engineer and the Efficiency Engineer be authorized to compile the schedule and judge the performance of the dredger, making their recommendations to the council for action."

Commissioner Morse today obtained the approval of the council of his action in ordering certain repairs on the dredger before it is moved to the Western waterfront.

## SENATE BACKS CONFEREES IN BARNETT CASE

WASHINGTON, June 24.—As expected, the Senate stood squarely behind its conferees on the naval bill this afternoon and insisted that the commandant of the marine corps, Major-General Barnett, be elevated to the rank of lieutenant-general.

Last week the House voted against giving the marine corps commander this rank. Today Senator Tillman reported this House action formally to the Senate, which voted its insistence upon the amendment which it had inserted in the bill. The Senate conferees will now report back to the conference and the matter will eventually be forced back to the House for another vote.

## SOLDIER FROM CAMP FREMONT HOLD-UP MAN

SAN JOSE, June 24.—Robert Garrett, a member of Company M, Sixty-second Infantry, of Camp Fremont, dressed as a civilian, entered the drug store of D. T. Laughlin, at Third and Santa Clara streets, yesterday morning and asked for some old magazines. The proprietor stepped into a rear room to get them, and, upon hearing a noise, turned to be confronted by Garrett with a revolver in his hand, who exclaimed, "Throw up your hands!" Instead of complying, Laughlin grabbed the man and a struggle took place. The revolver fell to the floor, when Garrett struck Laughlin several blows in the head, but before the latter had succeeded in biting Garrett's hand.

Garrett ran out of the front door of the store and turned on Third street, while Laughlin yelled for help. The street was crowded with church-goers and several took up the chase. A Mr. Williams halted the fleeing man and was knocked down by Garrett, who in turn was treated in a like manner by Williams. Garrett continued his flight until G. A. Koerber, in an automobile, drove in front of him and cut off retreat. Koerber took Garrett into custody, but turned him over to Deputy Constable W. J. Close, who took the man to the police office.

# WAR STAMP ARMY STARTS DRIVE

## \$800,000 PER DAY FOR FIVE DAYS IS GOAL

Eight hundred thousand dollars each day for five days, beginning today, is the average that must be maintained by the army which started out this morning to obtain pledges guaranteeing Oakland's \$4,000,000 quota of War Savings Stamps.

"Oakland's record made in the Liberty loan drive and in the Red Cross drive recently ended must be maintained and Over the Top is the mark."

Such is the slogan that the members of the army have used as a rallying call, and each individual enlisted in the drive started out this morning determined that the purpose thus indicated shall be accomplished.

That Oakland is expected to maintain the high standard it has set in previous responses to the country's call for financial support in its war emergency is made plain by a telegram received today by County Director H. C. Capwell from Frank A. Vanderlip, national director of the War Savings Stamp Campaign. This telegram says:

"Washington, D. C., June 23, 1918. "H. C. Capwell, County Director, Oakland, Cal.: As county chairman of War Savings Committee you are expected to win victory, just as we expect our boys in France to win victory. Stir your people up to understand that 100 per cent Americanism means nothing less than 100 per cent pledged war savers in your city. I am confident of Oakland's success. (Signed): "F. A. VANDERLIP."

WANT 500 WORKERS.

While the two divisions of the army, the women under direction of Mrs. Maude Lane Anderson, and the Business Men's Club, directed by E. F. Shapiro, constitute one of the most complete organizations that ever has handled a campaign of this kind in Oakland, 500 more workers are needed, and the committee desires that all who possibly can spare the time to report at headquarters, 1444 Broadway.

In line with organized labor's declaration of patriotic support of the drive and its 100 per cent pledge, the majority of the business firms and many of the manufacturers have set the same 100 per cent as their standard.

Liberty Hut in City Hall Plaza will be one of the rallying places for the workers, and there will be speakers there at noon every day to impress on the public the necessity of investing all they can save in War Savings Stamps. Also there will be music and a corps of young women to take pledges. Marion's Shipyard Band played there to-

## Oakland Is Called to Duty Dollars Must Be Pledged

By COUNTY DIRECTOR H. C. CAPWELL.  
Citizens of Oakland, our nation's government relied upon us to secure a total of four million dollars' worth of War Savings Stamps by the end of this year.

But we have bought only \$400,000 worth. So Oakland has bought just 10 per cent of its total. But the year is half gone.

At the rate we've been going Oakland's total December 31 will fall short of what the government expected of us by more than \$3,600,000. And this money would buy ships, arms, food and clothing for our fighting men.

If we fail our government, we fail our fighters. By \$3,600,000. Who needs any luxuries now? Who has the nerve to pet his own vanity while the neighbor boy from next door is dying in France for want of a cartridge?

Who of us is ready to write that boy that his life is not too much for him to give, but that we can lend no more of our dollars—our dollars that won't be worth a plugged nickel if that same boy's sacrifice is made in vain.

Oakland has done enough! Enough, My God! Then what has France done? What has England done? What has Italy done? "Enough!" There is no such word as "enough" in a war like this one! The President has proclaimed Friday, June 28, as a pledge day for War Savings.

Here in Oakland from June 21 to June 28 will be given over to the work of collecting these pledges on cards.

Every man, woman and child in Oakland is expected to have signed a War Savings pledge card by June 28, telling how many \$5 stamps he or she will take before the end of the year.

Every man, woman and child! The whole people! And a card for every name! Here and everywhere else, from Maine to our coast.

It isn't the President who needs these definite pledges! It isn't the "government" that has to be assured of the money! It's our fighters who must have it—the men who must beat the Hun, trench after trench, step by step, across all those bare Belgian miles, hurling tons upon tons of shells, millions upon millions of bullets, day and night, week after week, month after month.

It is for their help that this great War Savings movement must be carried through! The help of those brave men engaged in the greatest task an American army ever undertook! The greatest work a nation ever supported! The greatest need civilization ever has known!

## WOMAN MUSICAL DIRECTOR DEAD

Mrs. Lou E. McKenzie, wife of Chas. W. McKenzie, east bay musical director, and sister of Mrs. Guiseppi Cadenasso, widow of the late San Francisco artist, died yesterday at her home, 559 Twenty-seventh street. She was the mother of Hazel S. McKenzie, a pianist of note, and Ruth McKenzie Wilbur, a singer.

Mrs. McKenzie was a native of Indiana, and came to California when a small child. She resided in the State more than forty years and in Oakland for the past fifteen years. During that time she was closely associated with her husband in his work as musical director. Her daughters are both well known in the musical and art colonies of both sides of the bay.

Besides her husband, her sister and her two daughters, Mrs. McKenzie is survived by her mother, Mrs. Mary McKenzie, 2000 Broadway.

Funeral services will be held tomorrow at 2 o'clock at 2655 Telegraph avenue and a speech was made by Albert C. Agnew.

Tomorrow Vaegre's Band will be on hand. Thomas Chatterton will make an address and one of the prettiest young women in Ralph Herz' company will sell stamps.

The work at the Hut is being directed by Mrs. Edna Bernhard Berg, and besides taking pledges, there is maintained a bureau to give information concerning the stamps and the system that governs the pledges.

Among the officers of the Business Men's Club heading the five divisions there is keen rivalry as to which division will score the greatest number of pledges and several wagers have been made.

## DR. LUCAS WILL LECTURE FRIDAY

Persons who heard Dr. William Palmer Lucas lecture at the Commonwealth Club luncheon at the Palace hotel in San Francisco, Saturday afternoon, on the subject of "My Experience in the War Zone," speak with enthusiasm of the accurate knowledge that the doctor brings from his year's work in war-stricken France. Many stood throughout the whole hour's lecture.

Dr. Lucas' only appearance on this side of the bay will be his one lecture in the ballroom of Hotel Oakland on Friday evening, June 28, at 8:30 o'clock. The topic of his lecture will be "The Children of France Under Fire." The lecture will be illustrated by both slides and moving pictures. The admission will be \$1, all proceeds to be used for the children's work of the Anti-Tuberculosis Society.

Tickets may be secured at Sherman & Clay's or through the chairman of the committee of arrangements, Arthur G. Tashner.

Mrs. William G. Ferguson announces the following committee of clubwomen who are endeavoring to make this lecture a great success: Mrs. Arthur L. Adams, Mrs. John A. Beckwith, Mrs. Louis F. Cockcroft, Mrs. Guy C. Earl, Mrs. Jessie G. Eccleston, Mrs. M. T. Emmert, Miss Julia Fraser, Miss Mary C. Heaton, Mrs. Samuel Hubbard, Mrs. W. D. Huntington, Mrs. R. L. Levensaler, Mrs. George W. Percy, Mrs. Charles H. Rowe, Mrs. E. R. Sill, Miss Theresa Russell, Miss A. M. Beebe.

## 170 Alien Women and Girls Register

With two days remaining for registration of alien women and girls of enemy nations, the list at the police headquarters in the city hall now shows a total of 170 names taken during last week. The bureau will be open for business up to Wednesday night.

After that a check will be made on a large number of persons whom the authorities have information at this time are endeavoring to or planning on dodging the issue. It is likely that several arrests will be made. There are numerous blanks still out in the hands of those who have already applied, and it is believed that the majority of them will be returned.

It now appears that the total registration of women will fall considerably below that of alien males, which was seven hundred.

## TIRE FINDERS ELIGIBLE TO 'SUCKER CLUB'

Will all those autolists who found that new tire on the state highway near Milpitas while motoring Sunday please send in their names! They are eligible to membership in the "Sucker Club."

The way it was this. Small boys have been looking for new ideas for a long time. The stunt of tying a rat on a string and hustling it across a sidewalk in front of nervous old ladies, who promptly threw a fit and shed their ear-muffs, has grown old and shopworn. There must be something new. Yesterday a handful of mischievous lads demonstrated that there is something new.

They took a perfectly good automobile tire of the expensive kind—one that will not stagger when it skids, and fails to slip when it slides. They placed it right in the road near Milpitas attached to a long, strong rope. Then they hid behind a tree and waited for victims. The latter came in bunches.

Man after man exclaimed "Ah-ha!" halted his car and climbed out, only to have the elusive tire jerked from under his hand into the woods, amid a chorus of jeers and cat calls and laughter. Motorist after motorist thought he had found a nice new tire, only to have it leap disconcertingly off into the woods. All day long the boys lay in the bushes and waited and all day the fishing was good.

The final score showed that nineteen persons had tried to pick up the tire and been fooled by the boys in the bushes. The only motorist who failed to take it as a joke and got angry was a man who couldn't get his engine started after he stopped to pick up the tire, and had to trundle his wife clear in to Centerville along with the machine.

## MISSING GIRL BELIEVED TO HAVE ELOPED

No trace has been found of any of the five east bay girls and women who have been missing for various periods of time within two weeks. In the case of the last one to be reported, Jennie Burgess, 14 years old, it is believed she has eloped with Seraphin Lacosta, aged 24, who worked at the same place and who disappeared at the same time.

Two others reported missing in Oakland are San Francisco residents, but nothing has been heard concerning them by the local police.

Marie Sims, 14, 1431 Second avenue; Dorothy Violet Towney, 18, of 1979 Telegraph avenue; Audrey Hayden of Alameda and Mrs. Constance Floresko, 25, of 543 Eighth street, are also included in the list of missing women.

## SWAMI WILL BE TRIED ON WOMAN CHARGE

"Dr." Victor Leon LaTour, alias Swami Samada, a metaphysical healer, who is accused by Mrs. Gladys Klindt, of 471 Twenty-seventh street, of molesting her of \$50 for "treatments" from which she claims to have received no benefit, will appear before Police Judge George Samuels next Saturday for trial. This was stated to the court today by Attorney M. J. Rutherford, representing the defendant.

LaTour was recently arrested in Los Angeles and placed under \$10 bail. The case was set for May 31, but he failed to appear and it was continued. He has now decided to face the charge and will be present Saturday, his attorney said.

## The Facts Concerning War Savings Stamps

War Savings Stamps are bonds of the United States—baby bonds.

They can be purchased in any denomination from \$5 to \$1000.

They draw 4 per cent interest, which compounds quarterly.

Stamps costing \$837 now will be worth \$1000 at maturity, January, 1923.

You can have six months to pay them, naming your own installments.

On short notice they will be redeemed for cash, plus interest.

They cannot decrease in value—the wealth of these United States is behind them.

No person can hold more than \$1000 in stamps, but you can purchase \$1000 worth for each member of your family.

The money invested in war savings stamps is not a gift, but a loan for which your country pays you interest. They are free from local and State taxes and can be insured against loss without cost, on application to the postoffice.

## FORTY ARRESTED.

Forty "drunks" arrested during the week-end appeared in the police courts this morning and were released on suspended judgment with the exception of several "regulars" who were given the alternative of \$10 fine or five days in jail. The number arrested maintains the average of the past two months.

## SAILOR IS DROWNED.

SEATTLE, Wash., June 24.—Burton Knapp, aged 23, who was recently transferred from the Chicago to the Puget Sound navy yard at Bremerton, has drowned while bathing in Lake Washington here.

## INFANT DEATH RATE IN LOCAL CITIES IS LOW

Alameda and Berkeley are numbered with five of the American cities where the baby death rate is below fifty per thousand births reported. Oakland reports show a somewhat higher infant mortality with 70.9 deaths a thousand.

In a report by the New York milk committee, wherein the infant mortality in 163 of the larger cities in the United States is considered, California is named a banner state, with Alameda county designated as the community claiming two of the record cities. Alameda has a rate of 40.7 and Berkeley of 43.4. The other American cities placed on the honor roll of five with Alameda and Berkeley are Brookline, Mass., with a rate of 41.2 a thousand; La Crosse, Wis., 42.3, and Everett, Mass., 45.5. Other California cities which contributed to the survey were San Francisco, 73.6; Sacramento, 64; San Jose, 70; Los Angeles, 82.6.

Against these figures the Eastern figures contrast as follows: New York, 88.8; Chicago, 106.4; Philadelphia, 110; Cleveland, Ohio, 109.4; Baltimore, 119.3; Pittsburgh, Pa., 116.3; Nashville, Tenn., 152.2; Norristown, Pa., 167.7.

Thirty-five hundred and twenty-eight births were reported by the Oakland health office last year, representing a birth rate of 17.09 per cent. Two hundred and forty-nine deaths of children under one year were reported for the same period. Taking Alameda county as a whole, the infant mortality rate per 1000 births is 75, giving to the east shore county a wonderful health showing.

FIRST DRINK PROVES FATAL.  
ALLENTOWN, Pa., June 24.—Emma Shankovitch, 6 years old, found a quart of whiskey lying in the street and drank half. She soon lost consciousness and died.
